

Here's some fun for today...

This is a tribute to hairdressers! We miss them sooooo much right now !

I've drawn the face of a woman and a man. Print them out and use them as a base. You can make several copies of each, depending on how creative you want to be.

Then print out the images of the different hairstyles and hats, cut them out and stick them onto the images of the faces.

Once you do this, you can enjoy colouring them in, but if you really want to be creative, use anything from glitter glue, wool, rope, beads, sequins and anything else that comes to mind to embellish the images. You can also add jewellery, hats, piercings, make up... you can even come up with your own hairstyles for the faces.

I'd love to see the results! So when you do, please take a picture of them and send them to me on Messenger. My FB page is [izzywarrington.com](https://www.facebook.com/izzywarrington.com).
